

Property Lite Inspections

Risk Logic is now conducting Property Lite (PL) inspections utilizing a network of risk consultants spread across the U.S. Our company has been providing large commercial property inspections since 1997. With the addition of Property Lite, we can offer inspection expertise for any size commercial property.

Risk Logic Customers:

▷ Direct Clients

RLI works closely with Risk Management to provide enterprise-wide loss prevention services

▷ Insurance Carriers

RLI can supplement an Insurance Carrier's loss control department by conducting loss prevention inspections, account review work and plan reviews

▷ Insurance Brokers

RLI provides loss prevention reports for marketing purposes

Risk Logic History:

Since 1997 we have been providing quality engineering and property loss prevention services that consistently exceed our customer's expectations
